ACCENT ON AVILA COLLEGE

The Avila College News Magazine • December 1998

Avila Ranks in Top 15 of Regional Midwest Universities for Diversity

In a recent survey by *U.S. News & World Report*, Avila College was ranked 13th of 429 schools in a listing of regional universities in the midwest with a diverse undergraduate student population.

The Avila College student body is comprised of 1,065 undergraduate students. Avila boasts a 23% population of African-Americans, American Indians, Asians, Hispanics, and others, with the largest single group being made of African-American students at 12%.

Students find the diversity mixture attractive as well. The 1998 freshmen class is the largest the college has enrolled since 1984.

"Avila's ability to attract such a diverse student group allows us to enhance the educational experience in our classrooms. The different backgrounds and viewpoints our students present stem from differing cultures because of location and even age differences. This sharing of opinions leads to an enriched educational experience for all," says Dr. Larry Kramer, Avila College President.

Avila's students enjoy learning from people with diverse backgrounds.

Letter from the President

Avila College is proud of the recognition it received by U.S. News and World Report that it is one of the leading universities in the Midwest region (ranked 13th of more than 429) serving a diverse community of students. It is in this diverse educational environment that we have the opportunity to realize that all God's children are created equally. The nation's growing diversity makes it more important than ever for all of us to understand people who are different from ourselves.

As you will read, it is an exciting time at Avila College. Our academic programs are preparing our graduates to excel in their professions and serve society. The strategic plan is being implemented to prepare the college to serve the students and community as we move into the new millennium.

Our strength has always been the outstanding people associated with the college, the Sisters of St. Joseph, faculty, staff, students, alumni, Trustees, Counselors, and friends. I would like to call your attention in this issue to stories about Bill Littleton, the new Vice President for Enrollment Management, Tom Sanders, the new Chairman of the Board of Trustees, and our new Trustees and new Counselors.

We started the academic year with a fire to a sofa in the lobby of Goppert Theater. I can't emphasize enough how fortunate we were that no one was injured. There was no structure damage, but smoke damage has inconvenienced many. We are entering the final stages to returning the building and equipment to a "better than before" condition. Except for \$1,000, all damages and repairs were covered by insurance.

Thank you for your thoughts and prayers as we renovate our campus and enter the new century with our strategic plan.

Sincerely,

Dr. Larry Kramer
Avila College President

Letter From the Alumni President

Dear Avila Alumni,

Homecoming '98 produced class gatherings that continue to fill us with wonderful new memories that will surely blend with already-fond, classic memories. As you gathered to share your lives and connect with old friends, you reminded the Avila community why we exist. To those of you who were unable to join these celebrations, we were incomplete without you.

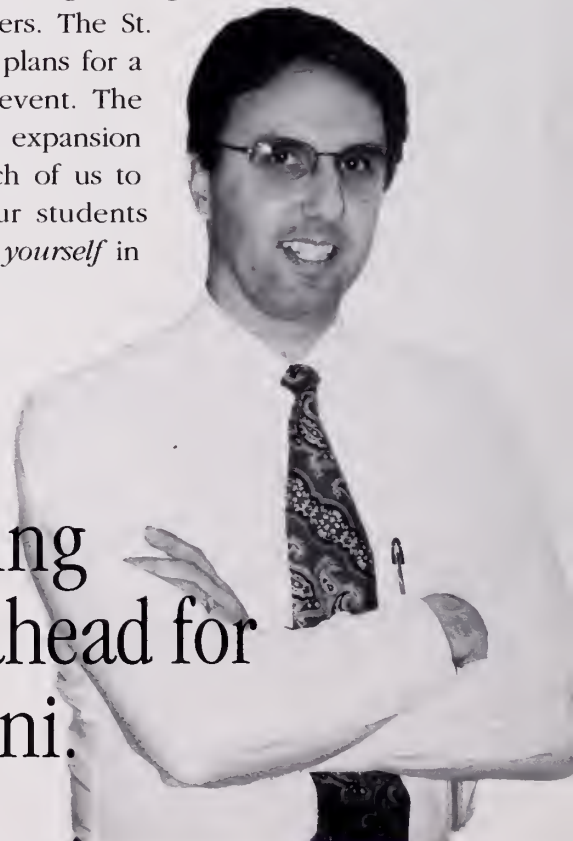

Stories like those shared from alumni of St. Teresa's campus remind me of the immense role that we play in the future of Avila. Your response to support the *Pathways Campaign* reminds us of the pride and commitment you have embraced. The percentage of alumni supporters to this campaign has significantly surpassed previous giving. I encourage each of you to consider a gift to our future, our students, and future fellow alumni.

The Alumni Association's annual fund raising event, the Annual Golf Classic brought to mind the key role that we play in that future. Fifteen years, \$150,000, 150 student recipients and over 1,500 participants make this event special in many ways. Fifteen supporters were honored at this year's event for their 15 year commitment to Avila's alumni scholarship program.

St. Teresa of Avila's prayer reminds us that "God only is changeless." More exciting times are ahead for Avila alumni. The board will soon complete revisions on the association by-laws which now include our growing number of alumni chapters. The St. Louis alumni group have plans for a long anticipated spring event. The Alumni Network program expansion has opportunities for each of us to make a difference in our students future. How do *you* see *yourself* in the changes?

Rob Brown '84
Alumni Association

More exciting
times are ahead for
Avila alumni.

With Tom Sanders

Chairman, Avila College Board of Trustees

Thomas (Tom) D. Sanders is the new Chairman of the Board of Trustees of Avila College. The president of MMC Corporation has a long and interesting association with Avila College.

ACCENT: Tom, tell us about your introduction to Avila College.

TOM SANDERS: When Sister Olive Louise Dallavis was president and moving the college to Wornall road, she told the architect she was concerned the bids were over her budget. The architect contacted my dad (Elmer) who helped get the costs in line. My first assignment in the construction business was to report to the Avila job to learn in the field. I parked my car on the country road, walked in the corn field and worked on the project for several months.

ACCENT: And you've been involved since then.

TOM: Dad wasn't much of a joiner, but he encouraged me to serve. First as President of the Avila Scholarship Club, then serving on the Boards of

Counselors and Trustees and now Chairman of the Trustees — a position I was surprised and flattered to receive.

ACCENT: How would you describe Avila College today?

TOM: Like many colleges, there have been ups and downs. However, this is a college with a tremendous commitment to quality education and a consistently strong faculty and staff. The challenge is increasing enrollment with full time students in accordance with the college's mission statement. I believe Avila's dedication to instilling values beyond a degree makes us different.

ACCENT: What would you like to have accomplished in Avila's behalf at the end of your term?

TOM: Measurable movement in the direction of Avila's mission, purposes and values.

ACCENT: What convinced you to continue to invest your time in Avila College?

TOM: My high regard for Sister Olive Louise, an exceptional lady. And the value of a quality, four year college, Avila, in the south part of the city where I grew up. ■

Meet Avila's New Board Members

From corporate offices to the Sisters of St. Joseph to major league baseball, members of Avila's Board of Trustees and Board of Counselors represent a diversified group with a variety of skills. Nowhere is this more evident than in the new members of our 1998-1999 board. Please welcome these outstanding individuals to the Avila family.

New members of our Board of Trustees are:

Rainey J. Crawford, Regional Governmental Affairs Director, Ford Motor Co.

Joseph T. Fahey, President, J. M.. Fahey Construction Company

Donald G. Forsythe, Executive Director, Sprint Foundation

Judge Harold "Hal"

Lowenstein, Missouri Court of Appeals, Western District

Jack Newman, Vice President, Cerner Corporation

Sr. Irene O'Neill, CSJ,

Executive Director of the Ministries Foundation of the Sisters of St. Joseph, St. Paul Province.

New members of our Board of Counselors are:

Sister Mary Kathleen

Hadican, CSJ, Executive Vice President Mission, Carondelet Health Center

Judge Cordell Meeks,

Wyandotte County Courthouse, Division 6

Kevin Pistilli, President, Raphael Hotel Group

Frank White, Jr., Community Ambassador, Blue Cross Blue Shield of Kansas City; Coach, Kansas City Royals Baseball Team

Please see the 1997-98 Annual Report for a complete list of board members and their affiliations.

New Board Members (from left) Judge Cordell Meeks, Counselor; Joseph T. Fahey, Trustee; Sister Mary Kathleen Hadican, CSJ, Counselor; Judge Harold "Hal" Lowenstein, Trustee; Jack Newman, Trustee. Other new board members: Donald G. Forsythe, Rainey J. Crawford, and Sister Irene O'Neill CSJ, Trustees; Kevin Pistilli, and Frank White, Jr., Counselors

20 YEARS OF MBA STUDIES AT AVILA COLLEGE

Avila's Master of Business Administration (MBA) program was established in 1978 and continues to be one of the oldest and most respected programs in the Kansas City area.

It also continues to gain strong, organized support from its alumni as the MBA program marks its 20th anniversary at Avila.

More than 200 Kansas City area businesses have employees with Avila College MBA's. You also will find Avila graduates in leadership positions in Fortune 500 companies, small family business, government agencies, non-profit organizations and a variety of other enterprises across the United States.

MBA alumni whose graduation years spanned the length of the program gathered on October 17, 1997 to kick off Avila's MBA alumni chapter, the Avila aMBassadors. The MBA chapter of the Avila College Alumni Association has been working diligently to offer programs and events to continue the education of its members and present an opportunity for alumni to connect with others who have similar interests and experiences.

Avila graduates can take justifiable pride in their college's MBA program. While some colleges offer only a general MBA program or one or two concentrations, Avila's MBA program offers seven specialized concentrations: Accounting, General Management, Management Information Systems, Health Care Administration, International Business, Marketing and Finance.

As Avila celebrates the first 20 years of its MBA program, Avila thanks its faculty, staff and alumni for making one of the oldest MBA programs in the Kansas City area also one of the finest.

If you would like to become involved in MBA alumni activities, please contact the Avila College, MBA Office at 816-942-8400, ext. 2321. ■

"Making Culture Pay" highlights

MBA Executive Seminar

A former Xerox and Marion Labs executive, Jerry Haney, spoke to Avila aMBassadors and guests about measuring their present cultures and then focusing on improving those elements within their enterprises.

Haney, president of Visionomics Inc., described his methods of evaluating and enhancing business cultures to improve results and attract, motivate and retain top talent. The seminar was held at Avila's Whitfield Center, October 15, 1998. It was presented by the college's Master of Business Administration Alumni Association Chapter, the Avila aMBassadors. ■

Avila aMBassador **Jeanne Hamilton Olofson '92, '94**, welcomes former Xerox and Marion Labs executive **Jerry Haney** to the Executive Seminar.

GRADUATE EDUCATION AND PSYCHOLOGY

Avila's Master of Science in Education and Master of Science in Counseling Psychology programs have seen some changes in the past twenty years. In fact, twenty years ago they were almost one combined Master's degree program.

In the earliest proposal to the North Central Association of Colleges and Schools, Avila faculty submitted plans for a single Masters degree program in education and psychology. After examining the proposal, The North Central Association suggested to the college that enough support existed for two separate programs.

Upon receiving accreditation, Avila now had a Master's in Education program with a focus in "exceptionality", and a Masters in Psychology. The two programs would see many changes over the course of the next 20 years, including dropping the "exceptionality" emphasis from the education program, and adding an emphasis in "counseling" to the psychology program — this leaves the college with the two programs offered today — "Master of Science in Education" and "Master of Science in Counseling Psychology."

The Master of Science in Education program is dedicated to providing practicing teachers with the

skills needed to become truly effective "master" teachers. The program enables teachers to integrate effective instruction techniques, do action research in the classroom, and be effective instructional leaders in their schools. Classes are held one night per week for four semesters and in compacted scheduling for one semester. When students complete the program, graduates will be equipped to serve as a members of school-based leadership teams, curriculum committees, parent liaison teams, and be truly effective facilitators of student learning.

Today's Master of Science in Counseling Psychology program is also serving students on the forefront of education. The program is geared to provide professional master's-level training to people interested in the delivery of mental health services. The degree is clinically oriented, with an emphasis in agency counseling. The degree is respected as either solid preparation for Ph.D. work, or as a terminal master's degree with graduates qualified to practice in public and private agencies serving individuals and families in crisis.

If you would like more information on Avila's Master of Science in Counseling Psychology or Master of Science in Education programs, please contact the admissions office at (816) 942-8400, ext. 3500. ■

"Ninth Street" Screened At Avila College

Director Kevin Willmott brings his film to campus.

Kevin Willmott, director and writer of the film "Ninth Street," made a visit to the Avila College campus to screen and discuss his film on October 18, 1998. The film stars Martin Sheen and Isaac Hayes.

"Ninth Street" gives us a look at a black neighborhood during the Vietnam era and its relationship to the nearby military base. The film

focuses on Huddie (Willmott) and Bebo (Don Washington). Winos Huddie and Bebo defend their street and the neighbors who remain close to their hearts. Along the way, Huddie and Bebo have some of their own haunting evils to deal with. The 93-minute movie is based on Willmott's hometown of Junction City, Kan., and on his own life growing up.

This was only the second showing of "Ninth Street" in Kansas City, after its debut at the Gem Theater in June of 1998. This comedy/drama also features Queen Bey and Kaycee Moore. ■

FORE AVILA'S STUDENTS!

The 15th Annual Avila College Golf Classic

Fifteen years ago the first golfer contributed to the scholarship fund for children of Avila Alumni. Since that first ball flew down the fairway, over 1,500 more players joined in, raising more than \$150,000 for student scholarships. And in the most important statistic — more than 150 students have benefited from funds raised by the Avila College Golf Classic.

This year's tournament was made more special when Lexus partnered with Avila as a major sponsor. Two players from this year's event will represent Avila and Superior Lexus at the National Lexus Champions for Charity Tournament in Palm Springs, Calif., in December. The golf trip was auctioned off at the dinner following the tournament.

This year a special thanks goes out to the sponsors and players who have been with Avila for all 15 years. These pioneering sponsors have been joined each year by many other generous friends and corporations who believe Avila's students are worth a great round of golf! ■

AVILA COLLEGE

ANNUAL REPORT
1997-1998

THE AVILA COLLEGE MISSION STATEMENT

Avila College is a value-based community of learning, Catholic, coeducational and sponsored by the Sisters of Saint Joseph of Carondelet. In a climate respecting the worth and dignity of each individual, the college provides liberal arts, professional, undergraduate and graduate education for students' responsible life-long contributions to the contemporary world.

THE AVILA COMMUNITY VALUES

Excellence in teaching and learning
The Catholic identity of the college
The sponsorship of the Sisters of St. Joseph
The worth, dignity, and potential of each human being
Diversity and its expression
Commitment to the continual growth of the whole person
Interaction with and service to others

THE VISION OF PATHWAYS TO THE FUTURE: A STRATEGIC PLAN

Avila, an institution of higher education, provides outstanding, multi-faceted and accessible education in a vibrant atmosphere, forms strategic partnerships with the community and commits to social responsibility within a global perspective.

LETTER FROM THE PRESIDENT

As you begin to read this annual report, you will perhaps notice a change in presentation. A large portion of the report will be dedicated to our strategic plan. This plan will position the college to serve our students into the year 2025. To provide you with a perspective for the plan, I would ask that you review the Avila College Mission, Values and Vision to the left on the inside front cover of this report.

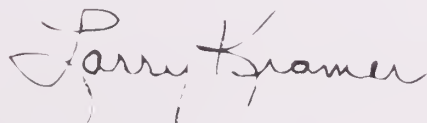

The process for *Pathways to the Future: A Strategic Plan* was highly participative. It represents exciting dialogue involving alumni, community leaders, volunteers, faculty, staff, students, friends, the Board of Trustees and the Board of Counselors. The process to reach our goals was aided by innovative thinking including an employee day of visioning and focus groups.

From this point, the process continues to be very participative. Throughout the college, task groups of faculty, staff and students are working to complete our objectives as we move forward into the new millennium. I would especially like to extend a hearty thanks to everyone who helped bring this plan into being.

Also located within this annual report you will find our fiscal report for the 1997-98 year, as well as a listing of our 97-98 graduates, administration, and donors to the college. I wish to thank all of our donors and friends -- without you, our vision for the future could not look so bright!

As always, thank you for your support of Avila College, and may God bless your generosity.

Sincerely,

A handwritten signature in dark ink, reading "Larry Kramer". The signature is fluid and cursive, with a large initial "L" and "K".

Dr. Larry Kramer

President, Avila College

Avila College

Pathways to the Future: A Strategic Plan

*In the next five years, we will address the following goals
through the lens of social responsibility:*

GOAL #1

Establish and strengthen strategic partnerships.

OBJECTIVE A: Define "Strategic Partnerships".

- Strategies:**
1. Define the term.
 2. Develop criteria to evaluate new and existing strategic partnerships.

OBJECTIVE B: Identify current Avila partnerships that are strategic or potentially strategic.

- Strategies:**
1. Using the definition and criteria from Objective A, identify existing internal and external Avila partnerships.
 2. Prioritize the existing partnerships that are strategic or potentially strategic.
 3. Develop and implement plans to strengthen strategic partnerships.

OBJECTIVE C: Establish new strategic partnerships.

- Strategies:**
1. Using criteria from Objective A, compile and prioritize a list of potential Avila partnerships.
 2. Develop and implement plans to create the strategic partnerships.

GOAL #2*Respond to the educational needs of the community.***OBJECTIVE A: Identify the major educational/training needs of the greater Kansas City community.**

- Strategies:**
1. Review needs identified by community and campus organizations.
 2. Compile information on major educational/training providers and populations served.
 3. Evaluate information and conduct data study if additional information is necessary.
 4. Establish criteria and identify the major short and long term needs of the greater Kansas City community.

OBJECTIVE B: Identify the major educational/training needs of the Avila community.

- Strategies:**
1. Survey the faculty and staff to determine their most important educational/training needs.
 2. Utilize available student data and expertise of Avila personnel to determine student education/training needs.
 3. Survey the students to determine their educational/training needs.
 4. Establish criteria and identify the major short and long term needs of the Avila community.

OBJECTIVE C: Refine and develop educational/training programs and alternative models for delivery.

- Strategies:**
1. Based on the needs identified in Objectives A and B, compile a list of existing and potential programs that would serve community needs.
 2. Compile a list of existing and potential models of delivery for each of the programs.
 3. Prioritize the programs according to marketability, cost of delivery, and other relevant criteria.
 4. Identify programs with the most effective models of delivery to be implemented in the short and long terms.

OBJECTIVE D: Determine the administrative structures needed.

- Strategies:**
1. Identify the administrative structures that promote programs and respond effectively to community needs.
 2. Perform a cost/benefit analysis and select administrative structures to be utilized.
 3. Using administrative structures, monitor the effectiveness of programs and models of delivery.

GOAL #3

Make education accessible.

OBJECTIVE A: Investigate actual and perceived barriers to accessibility.

- Strategies:**
1. Identify barriers limiting access to an Avila education.
 2. Analyze and evaluate data regarding identified barriers.
 3. Develop a matrix relating identified barriers to strategic initiatives.

OBJECTIVE B: Reduce major barriers to accessibility.

- Strategies:**
1. Identify and prioritize the major barriers to be reduced in the short and long terms.
 2. Develop and implement plans to reduce barriers.

GOAL #4

Expand enrollment with priority given to residential students.

OBJECTIVE A: Develop facilities and services that enhance student recruitment and retention.

- Strategies:**
1. Review current facilities, programs, and services to determine their effect on residential students.
 2. Research alternative methods of financing new residence halls and other facilities.
 3. Investigate comparable colleges to determine how they use facilities, programs, and services to increase and retain residential students.
 4. Examine the impact that additional residential students would have on the college.
 5. Re-evaluate and prioritize aspects of the Campus Master Plan that will impact residential population.
 6. Establish a time frame for the addition of new campus facilities.

OBJECTIVE B: Create a Commission on Academic Programs to oversee program development to enhance enrollment.

- Strategies:**
1. Identify the responsibilities of the Commission.
 2. Select Commission members from the appropriate campus constituencies.
 3. Develop mechanisms for communication between the Commission and other campus groups.

OBJECTIVE C: Identify and promote market-niche academic programs.

- Strategies:**
1. Facilitate campus community participation in the development of criteria defining market-niche academic programs.
 2. Identify approximately five market-niche academic programs.
 3. Develop and implement a marketing plan to promote the identified programs.

OBJECTIVE D: Strengthen and create academic programs to expand enrollment.

- Strategies:**
1. Identify academic programs (existing and/or new) which have the potential for high student demand.
 2. Develop and use criteria to select three to five academic programs to build Avila's enrollment.
 3. Develop and implement a plan to address each of the selected academic programs.
 4. Evaluate the addition of study abroad programs.

OBJECTIVE E: Increase enrollment through new and enhanced athletic and co-curricular programs.

- Strategies:**
1. Study how comparable colleges use varsity athletic programs, intramural athletic programs, and other co-curricular programs to increase enrollment.
 2. Develop and implement criteria, including cost/benefit analyses, to select top priority athletic and other co-curricular programs to increase enrollment.
 3. Develop and implement the selected programs.

Changes in Fiscal Reporting

Fiscal 1997-98 is the third year of financial reporting under the FASB (Financial Accounting Standards Board) requirements for not-for-profit organizations. Avila's Net Assets have increased in Fiscal 1996, '97, and '98. During a period when a capital campaign, such as Pathways: The Campaign For Avila College, is in progress, the gifts and pledges amount typically increases as pledges are received and generally this has a significant effect on the Net Assets. In future years and as the Pathways campaign pledges are paid, the gift and pledge amount per year will shrink and the effect will reflect in the Net Assets.

In past years colleges have reported using standard fund accounting where each fund was set up to report transactions related to a specific part of the campus operations, such as Operating (or Current) Fund, Plant Fund (for physical facilities -- fixed assets), Loan Fund (student loans), etc. Now those funds have been eliminated and almost all operations in all the funds have been consolidated into what is called Unrestricted. This term means that the revenues have come from normal operations, such as tuition, room, board, investment income, and gifts, which are unrestricted (can be used for any purpose). All expenses related to college operations are shown in this category rather than in different funds in prior years.

In addition to the consolidation of almost all the funds into the Unrestricted column, three major items are now presented and impact on the net amount for the year reflected in the statement. They are:

1. Depreciation -- Shown in the Plant Fund before, but now as an expense in the Statement.
2. Pledges receivable -- Only gifts actually received were reflected in past reports. Now, if there are pledges they must be included, net of a reserve for uncollectable pledges. In the event the pledge payments will be over a period of years, then the present value of the pledge must be booked. A campaign year would have a significant impact on this statement.
3. Unrealized gains and losses on securities (difference between book and market) must be reflected in the Unrestricted column normally under revenues, if a gain. The realized gains and losses are also reported in the Unrestricted part of the statements. Thus, stock market fluctuations will have an impact on the Net Assets of this statement, and they could be significant.

The Statement of Activities also contains two other columns of figures. The Temporarily Restricted group includes gifts restricted by the donor for specific purposes. As the monies are used for the purpose, or when the time restrictions have been met, they are released and are transferred to the unrestricted column, where the expenditure is shown. The largest segment in Avila's Temporarily Restricted net assets is over \$5,000,000 of facilities and equipment purchased with gifts which are used up over the life of the asset. Other items in the category are for scholarships, study grants, etc.

The third column is labeled as Permanently Restricted and includes gifts restricted by the donor to be either general or restricted endowment. In these endowments, the principal is not available for use, but only the investment income. Since annuities are also reflected in this group, an adjustment is made annually for the remaining liability on annuities in force.

AVILA COLLEGE HOLDS THE FOLLOWING AS ITS PURPOSE

- ... Pursue academic excellence by providing an educational experience rooted in the Catholic tradition and in the spirit of the Sisters of St. Joseph, both of which emphasize collaboration, examination of social justice issues, responsiveness to needs of others, and respect for the worth and dignity of each individual.
- ... Offer liberal arts and professional undergraduate and graduate programs grounded in scholarship with well defined educational outcomes which emphasize communication and thinking skills, knowledge, and personal, social and spiritual development of each student.
- ... Strive for excellence through responsiveness to on-going assessment, evaluation, and self-reflection.
- ... Promote student learning by emphasizing teaching-learning strategies which actively engage the student in the learning process.
- ... Foster development of the whole person for life-long learning and service to the contemporary world through curricular and co-curricular programs.
- ... Serve a community of learners -- primarily from the midwest -- with diverse backgrounds and needs by providing a variety of educational formats.
- ... Address the broader educational needs of the Kansas City area by exploring, initiating, and supporting partnerships within the community.

Enrollment Management

Avila College Embraces New Enrollment Strategy

As part of the college's strategic plan, Avila commits to "expand enrollment with priority given to residential students" (see Goal #4, *1997-98 Avila College Annual Report*). In order to help coordinate and lead the efforts to meet this strategic goal, Avila College has committed to the concept of Enrollment Management, and added a new face to the executive committee in William "Bill" Littleton, Vice President for Enrollment Management.

Enrollment Management is a process that attempts to influence the size, shape, and characteristics of the student body. By knowing the profile of the Avila graduate, an attempt can then be made to attract and retain those students who best match the kind of educational experience Avila can provide.

"While my specific areas at Avila," says Littleton, "are Admissions, Financial Aid, and Registration, it is understood that Enrollment Management is not limited to those areas — it is a campus-wide effort. All of our interactions with students, be it by the faculty, the maintenance staff, or housekeeping, should be characterized by common

courtesy, civility, Christian values, caring, and common sense. No interaction is neutral with respect to a student's view of Avila."

In order to accomplish Goal #4 of the strategic plan, Avila will need to build on an already solid platform of quality programs, services and facilities.

"Increasing enrollment isn't rocket science. There are very basic principles involved in serving our students' needs. Increased retention and enrollment are by-products of this. To accomplish Goal #4, we will need to consistently send the same message in our interaction with the students," says Littleton.

Avila has some momentum from which to build. The 1998 Freshmen class is the largest since 1984. But Littleton is quick to point out that the decision to attend Avila is not a one-time event, but is a decision that is made every semester.

"Each interaction with a student makes a difference. Sometimes in the daily course of our work we may forget that students are not an interruption of our work, they are the purpose for our work. Each student must be made to feel that someone at Avila cares whether or not they are here. When we accomplish that, we will have students who have higher degrees of satisfaction, students who build long-term relationships with the college, and students who get better grades," says Littleton. ■

"Each interaction with a student makes a difference. Sometimes in the daily course of our work we may forget that students are not an interruption of our work, they are the purpose for our work."

Dr. Stephen Daggett Receives Awards for Teaching Excellence

The Coordinating Board For Higher Education recently named Dr. Stephen Daggett, assistant professor of biology at Avila College, a recipient of the 1998 Governor's Award for Excellence in Teaching. Closer to home, Dr. Daggett was recognized as the 1997-98 Professor of the Year by the Avila College Student Senate.

"New teaching technologies, combined with informative lectures, and hands-on laboratory experience can help students attain a better grasp

of the fundamental knowledge and skills necessary to become a biologist," Says Dr. Daggett.

Dr. Daggett is a valued member of the biology faculty, and has played a major role in the review and revision of the undergraduate curriculum to create greater flexibility in meeting the needs of students and to provide them with the background they need for their careers. One student evaluation captured Dr. Daggett's commitment to student learning with "Dr. Daggett rocks!!"

Dr. Daggett received his bachelor's degree in biology from Oberlin College and his Ph.D. in biology from Pennsylvania State University. He joined the biology faculty at Avila in 1993. ■

Staff Rides to Beat MS

On September 12 and 13, 1998, Dr. Larry Kramer, Avila College President, and Dr. Cathy Bogart, Assistant Professor of Psychology, participated in the MS-150 Bike Tour.

The MS-150 is considered one of the best supported cycling tours in the Midwest. Participants solicit sponsors for their ride, with proceeds going to find a cure for multiple sclerosis.

"I started bike riding for exercise. As I got better, it seemed like I was riding farther and farther from my house. When the MS-150 came along, I saw it as my chance to move my hobby to the next step and help others," says Dr. Larry Kramer.

The MS-150 took Dr's Kramer and Bogart on 150 miles of scenic Missouri countryside, from Belton, through Sedalia, to Cole Camp. ■

CALL FOR NOMINATIONS

The Avila College Alumni Association is now accepting nominations for Alumni of the Year Awards.

These awards are designed to recognize the contributions of outstanding alumni and increase community awareness of the quality and achievements of Avila's alumni. Categories for nominations include Alumni of the Year, Honorary Alumni, Alumni Service award, Graduate Alumni Award and Recent Alumni Award.

Anyone, whether an Avila alum or not, may nominate someone for this honor. If a nominee is not selected in a given

year, he or she will be automatically considered for the following year. Nomination materials will be kept on file in the alumni office for three years with opportunities to update the applications.

Nomination forms are available from the alumni office. Contact **Mary Ellen Fischer Clark '73**, Director of Alumni Relations at 816-942-8400 ext. 2200 or e-mail: Alumni@mail.Avila.edu ■

Alumni Visit Avila, Spain

Five Avila College Alumni were among a tour group this summer who vacationed in Spain, Portugal, and Morocco for two weeks. They stopped atop a hill overlooking Avila, Spain while “visiting their roots” to have their picture taken for Accent. They are (left to right): Joan O’Keefe Lyon ‘57, Marilyn Carrigan Fennesy ‘55, Mary Ann McLeese Mulligan ‘53, Margaret Donovan Rennau, Jean Soetaert Latenser ‘57.

Physics Department Receives National Science Foundation Grant

Dr. Eric Anderson, Assistant Professor of Physics, secured a \$17,554 grant from the National Science Foundation Instrumentation and Laboratory Improvement Program. The grant will help fund equipment purchases for a new collaborative, inquiry-based General Physics curriculum. Instead of listening to lectures, students will use computer-based labs and video analysis to construct models of real-world phenomena. ■

Residence Life joins YouthFriends

The Residence Life staff has decided to become YouthFriends Volunteers. Recent Avila graduate and former Resident Assistant, Laura Harris ‘98, organized the effort to get residential students in touch with Kansas City area school children. The staff will be visiting area schools and spending time with students in grades K-12. Avila College is now one of YouthFriends’ strongest supporters. ■

Biology Students Will Travel to Dominican Republic

Dr. Bob Powell, Professor of Biology, along with John Parmerlee ‘80, Avila alumnus and instructor, and Ellen J. Censky, Director of the State Museum of Natural History, University of Connecticut, have been awarded a \$171,414 grant from the National Science Foundation to fund three summer undergraduate research experiences beginning in 1999. Students selected to participate in the program will design and implement their own investigations of amphibians and reptiles on West Indian islands. Students will receive a stipend and all expenses during the field experience. Of particular interest in the coming year will be projects examining the effects of Hurricane Georges on natural communities for which baseline data are available from previous groups. Subsequent to the trip, students will analyze their data and participate in workshops at Avila on modern scientific methods, science as a career, and applying to graduate schools. In three prior programs, every student participant has co-authored a paper in a scientific journal and 24 of 27 participants have gone on to pursue post-graduate studies in the biological sciences. ■

“Me and the Boys”

April 9 - May 7, 1999 • Artist Reception, April 9 (7-9p.m.)

The Thornhill Gallery is free and open to the public. Gallery hours are 1-5p.m., Monday through Friday. The Gallery is located on the Avila Campus in the Whitfield Center, 11901 Wornall Road, Kansas City, Mo., 64145. For information, call (816) 942-8400, ext. 2309.

Capstone before Cap and Gown

Jim Nunn Speaks to Seniors

In past issues of *Accent* ("Academics At Avila," *Accent*, Summer 1997), the new curriculum was featured. As was reported, the curriculum was introduced in phases. With the Fall 1998 semester comes the culmination of the new curriculum at Avila College, and the introduction of the Senior Capstone course.

With the Fall 1998 semester comes the culmination of the new curriculum at Avila College, and the introduction of the Senior Capstone course.

On October 16, 1998, the first group of seniors were a part of the senior capstone experience. The event was an all-day exercise, where students were required to address a theme selected by the faculty and interact with other seniors from various disciplines to experience multiple approaches to the same problem.

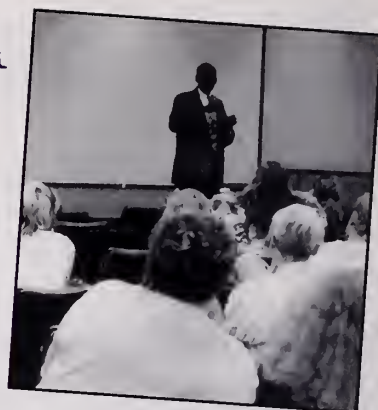

The theme chosen by the faculty was "Liberation

From Violence."

During the capstone experience, panel discussions were used to explore four sub-themes that were chosen by the students. Sub-theme discussions on such topics as domestic violence, abusive relationships, street violence, and racism led to a series of presentations by the students on their group's discussion.

Keynote speaker Jim Nunn, Deputy Chief of Police, Kansas City, Mo., (*photo above*) spoke to the senior class about local violence and how to take a preventative stance.

The capstone course will be taken by the remaining group of seniors on February 27, 1999. In the spring session, keynote speaker Alvin Brooks, President of the Ad Hoc Group Against Crime and member of the Avila College Board of Counselors, will speak to the seniors about the need for action against violence, and then inspire the senior class to think about how they can help. ■
